ASTRONOMER IN RESIDENCE PROGRAM

Learn about the stars, planets, galaxy, Big Bang theory and cosmos with Ayers Rock Resort's Astronomer in Residence Program, brought to you in partnership with ASTRO3D. Join one of the free Astronomy information sessions to meet and interact with the resident astronomer and learn about their area of expertise.

FREE ASTRONOMY INFORMATION SESSIONS

When: 15 - 19 October, 22 - 26 October
Days: Monday - Friday
Time: 11.00am to 1.00pm
Where: Town Square

MEET THIS WEEK'S ASTRONOMER IN RESIDENCE ADAM BATTEN

Adam is an Astronomy PhD student at Swinburne University of Technology in Melbourne. His research centres on identifying the galaxies from over 12 billion years ago that caused the Universe to become enriched with elements such as oxygen and carbon. To perform his research he combines large simulations of the Universe with observations from the largest optical telescopes on Earth.

FREE ASTRONOMY SEMINARS

A special screening of "Capturing the Cosmos" courtesy of CAASTRO, followed by a Q&A session. The discussion will be led by the resident astronomers who will also introduce their field of expertise.

When: Monday to Friday, 2pm | **Where:** Wintjiri Arts and Museum

The Astronomer in Residence program at Ayers Rock Resort works in close partnership with ASTRO3D, the Australian Research Council Centre of Excellence for All Sky Astrophysics in 3D.

TOUCH THE SILENCE

Voyages Ayers Rock Resort is managed as an Indigenous centre of excellence by Voyages Indigenous Tourism Australia, a subsidiary of the Indigenous Land Corporation. We work together to represent the interests of the traditional owners and local Indigenous communities. Voyages seeks to offer visitors a genuine Indigenous experience while making a difference for Indigenous communities through employment, development and business opportunities in tourism.
